Touch the Earth and quietly listen. 150 Years ago only native plants grew here. Though many changes have occurred, they would love to come back.

EZ to grow! This seed mix contains no seeds from California, Africa or Europe and no fillers to make it look like you're getting more than you really are. Plant now or Great Stocking Stuffer.

Keep Celina Beautiful Wildflower seeds: \$2 per package. Contact KCB Director Haley Norris (hnorris@celina-tx.gov) to purchase; larger quantities also available.

ATTENTION

Municipal Court, Utility Billing, and Permitting will be temporarily moved to 302 W. Walnut due to construction at City Hall from Monday, December 14th to Monday, January 18th.

Ash Street is open!

Minor finish work still to be completed but Ash Street is open to vehicle traffic.
